10. Future of Murieston Village Hall

The meeting on 26 November co-hosted by the Joint Forum of Community Councils and the Voluntary Sector Gateway with Community Centre Management Committees did not progress solutions concerning the Council's proposals on ending financial support for community centres. Options for road access to the Hall have been discussed with Chris Nicol of Transportation Services and Steve McLaren of Planning Services who advise that a planning proposal is needed to enable options to be determined. An outline proposal for a new-build community centre with a parking area is being drawn up.

The Hall will be a drop-off point for clothing for the School Bank soon.

14. Planning Applications:

Ian Brown reported.

There are no new significant planning applications affecting Murieston.

Creation of a soil bund for Murieston Tennis & Sports Club at Cricket Club (ref. 0934/FUL/24)

The developer of the new tennis courts has submitted a planning application in retrospect to create a soil bund beyond the perimeter of the cricket pitch from soil excavated during the building of the new tennis courts. Planning Service has asked for comments on the retrospective planning application by 2 January. Two objections have been received to date.

Ian has spoken with the planning officer and confirmed that soil samples will be taken from the bund and analysed. If the analysis report indicates contamination is present, we will object to the retrospective planning application.

The Cricket Club is holding two open nights in February to discuss arrangements between the Cricket Club and the Tennis & Sports Club.

Toucan Pedestrian Crossing on Murieston West Road

The Council Roads Services has adjusted the automatic operation of the toucan pedestrian crossing at the nursery to correct its alignment with traffic movement.

Tarbert Drive

Chris Dryden noted that the developer has been carrying out work to reline the SUDS basin on the new estate. Mud is being deposited on the roadway from works vehicles.

A point was raised about whether the developer was asked to pay a commuted sum in lieu of providing affordable housing on-site. The secretary will follow up with the Council.

Local Development Plan 2 (LDP2)

The initial draft of LDP2 should be available at the end of December. Ian has written to Planning Services to ask about the promised community engagement programme for LDP2.

15. Correspondence:

The secretary has responded to the invitation to hold a CPR training session for the community but no response has been received to date.

16. Any Other Business:

Janey Cringean raised an issue about incidences of bad parking at the station. Some drivers park outside the bays when the carpark is full, thereby obstructing access routes. It was suggested that this could be addressed by having yellow hatch markings to denote no parking.

Options on increasing capacity of the carpark were considered.

Ian Brown will take up these issues with the Council.

The Meeting closed at 8.05pm.

The next meeting will be on Thursday 16 January 25 in the Staff Room at Williamston Primary School.
